Tips & Tricks

About The Couple:

This is your chance to share how you met and your journey together! You can also **add or edit photos** in this section to make it more personal and engaging.

Wedding Info:

Use the Wedding Info page to share:

- The **overall vibe** or **theme** of your day
- What guests should **expect**
- Details about the **venue** (for example, whether it's **indoor** or **outdoor**)

DO NOT add your full schedule here. The **Schedule page** automatically duplicates and displays your full itinerary on the Wedding Info page. The **Schedule page** itself is where you'll make all your edits.
