

How To Share Flight Info

This feature allows everyone to easily share travel details, helping guests coordinate arrivals, rides, or even meet up at the airport.

📌 ✈️ **Helpful Note:** The Flight Info feature is ideal for **destination weddings** or when many **out-of-town guests** are attending.

Step-by-Step Instructions

1. Tap **Flight Info** from the event menu.
2. Select **Guest Flights**.
3. Tap **Share Flight**.
4. Fill in your travel details, including **airports, dates, and times**.
5. Save your entry. Your flight will appear in the shared list for other guests.

Tips & Tricks

Coordinate Travel

Shared flight info helps you coordinate shuttles, car shares, or airport meetups with other guests traveling at the same time.

Edit Anytime

You can easily edit or update your flight details if your plans change.

Airport Recommendations

Check the couple's **Travel** or **Flight Info** section for recommended airports.

Smoother Planning

The more guests who share, the easier it is for everyone to plan together, especially for destination events!
