

How To Share Photos

Your all-in-one wedding app makes it easy to collect and share photos — no need for extra platforms or group chats! All your memories can live in one place for everyone to enjoy.

  **Helpful Note:** Photos remain active for **90 days after the wedding**. Be sure to **save any favorites** to your phone's camera roll before then!

Step-by-Step Instructions

1. Tap **Photo Album** from the event menu.
2. Choose to **create your own album** or **add photos to an existing one**.
3. Organize by event: Create albums like "Rehearsal Dinner", "Wedding Day."
4. Organize by groups: Create albums like "Family Photos" or "College Friends."
5. Upload your desired photos.
6. Your photos are now shared for all guests to view and enjoy!

Tips & Tricks

Post Responsibly

Remember, if Grandma shouldn't see it, don't post it!

Admin Control

Only event admins can delete photos, so upload thoughtfully.

Diverse Perspectives

The Photo Album is a fun way for everyone to share different perspectives from the weekend!
